Re: Notification for Statement on Dietary Supplement Labels

Dear Sir/Madam:

This notification is being submitted on behalf of EuroPharma, Inc., Green Bay, Wisconsin, a distributor of dietary supplement products.

Pursuant to the requirements of Section 6 of the Dietary Supplement Health and Education Act of 1994, 21 U.S.C. § 343(r)(6), and in accordance with the authorized provisions of 21 CFR § 101.93(a), your Agency is hereby notified that EuroPharma, Inc. has made statements of "nutritional support", as described in 21 U.S.C. § 343(r)(6)(A), for its dietary supplement(s) as follows:

PRODUCT NAME	STATEMENTS
Body Confident™ Skin Detoxifying Formula	<p>The body's natural detoxification process can be affected by the environment, poor diet, stress, smoking, or inactivity. Beautiful, healthy skin begins internally with Body Confident Skin Detoxifying Formula™.*</p> <p>Skin Detoxifying Formula™ contains the Exclusive Detoxifying Blend™ and the Exclusive Red Clover Blend™. Together, they maximize the efficiency of the liver, intestines, and lymphatic system, the body's detoxification "powerhouses."*</p> <p>The body's natural detoxification system requires that the liver and intestines work in harmony. Skin Detoxifying Formula™ supports this entire system, which ultimately benefits skin's appearance and health.*</p> <p>Milk thistle extract is one of the most highly regarded extracts for supporting natural detoxification. It supports liver function with its ability to scavenge free radicals. Goldenseal and burdock extracts specifically support healthy intestinal tract function. A healthy intestinal tract is necessary in order to absorb the nutrients the body needs. Certain environmental factors such as toxins can cause the intestines to empty before nutrients are fully absorbed.*</p> <p>The Exclusive Red Clover Blend™ supports skin health and enhances skin's protective properties. The blend is enhanced with sweetclover flower extract, whose key active, coumarin, aids lymphatic drainage by supporting thoracic duct and lymph flow. These actions ultimately benefit the body's natural filtration system.*</p>
